

and now their grandchildren. I watched their faces light up while their toes tapped along with the music. The old-time sing alongs were a hit!

Mariah has performed in ten plays in the metro area. It can make for a hectic life-style with the numerous rehearsals and then performances in a week. However, with the Duck Soup Players, I felt that all of the “running” had a deeper purpose. Duck Soup Players’ contribution to the community is unique. Their portable theatre is able to bring brightness to people’s lives who would not have the opportunity if it was not brought into the comfort of their own residence.

I am very proud of my daughter for sharing her talents with the community. My husband and I have always told Mariah that gifts from the heart are the best ones of all. By sponsoring the Duck Soup Players, you can truly be proud of your own special gift from the heart.

Sincerely,

Lois Ambrus
