Dear Ms. Andersen,

I am writing to thank you for your support of The Duck Soup Players. The Duck Soup Players have been performing their shows regularly at Oak Meadows Senior Living for the past 3 years.

For each show, our activity room is filled to overflowing because the seniors who have lived here for a while know they are in for an extraordinary evening. To our newer tenants, the word spreads quickly.

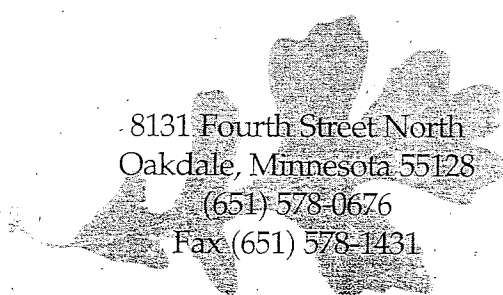

Although the individual cast members may vary from show to show, the performers have all been professional, fun, talented, friendly and they have always taken the time to greet audience members and visit after the show.

In terms of making a difference in the lives of our seniors, I cannot say enough about The Duck Soup Players. Tenants arrive early to get a good seat for the performance, but also to catch a glimpse of the cast working together to assemble an entire set right in front of the seniors. Being so close to live actors and actresses, and visiting with them after the show, is a truly meaningful and special life experience for people who have difficulty getting out to see a theatre performance.

Thank you for your continued generous support of The Duck Soup Players. The Duck Soup Players are a unique and truly wonderful resource in the community.

Sincerely,

Stephanie Weiger
